

## **La Planificación Presupuestaria del Sistema de Inteligencia Nacional en Argentina / National Intelligence Budget Planning in Argentina**

*Nicolás Descalzo<sup>1</sup>*

**Abstract:**

The approval of Law Nº 25.520: National Intelligence at the end of 2001 broke away from a tradition of secrecy regulating for intelligence activities. The new law obliged the detailing of funds allocated to intelligence within the National Budget, except those expenditures earmarked secret. This paper looks into the allocation of intelligence funds since the approval of the mentioned law to analyze budget planning.

**Keywords:** National Intelligence System – National Intelligence Law – National Budget Law – National Public Administration – Budget Planning
